    - Biggest change to KORA affects drug offender registration. Offenders convicted of specific drug offenses prior to July 1, 2007 will be relieved of that registration requirement as of July 1, 2013 and will be removed from the KBI registration database.
    - The KBI will advise offenders no longer required to register for a drug offense via letter.
    - Jessica Dultmeier will check to see if such notifications can be emailed to supervision officers of those offenders no longer required to register.
    - Notice will also be sent to the jails/prisons.
  - b. Sex Offenses:
    - The effective date juveniles are required to register was changed from April 14, 1994 to July 1, 2002. Any juvenile required to register due to adjudication prior to July 1, 2002 will be relieved of that registration requirement as of July 1, 2013.
    - Failure to remit the \$20.00 registration fee to the Sheriff's Department within 15 days of registration is now a class A misdemeanor. Failure to remit the 2 or more full payments within 15 days of registration is a severity level 9 felony.
